

PRE-PROFESSIONAL STUDIES

Pre-professional programs are typically designed for students who plan to continue their education in various graduate or professional schools or programs once they graduate with their undergraduate degree. These are not considered majors, but often tied to a major such as Biology.

The programs below are part of the Pre-professional Studies programs in the College of Theology, Arts & Humanities college. Please go to the Theology, Arts and Humanities college tab and select the pre-professional link for more details. The only two programs available are listed below.
